# TWO New Shorthorn WORLD RECORDS

Tomahawk, purebred Shorthorn steer, grand champion over 1,640 steers of all breeds, 1945 Chicago Market Show, set a new world record total price paid for a single steer selling at \$10 a lb. to total \$11,100. He exceeded by \$898 a previous total for an Eastern States champion in 1933 which sold at \$11.15 a lb. Left to right: Joe Duea, Belmond, Iowa, fitter; C. K. Tomson, sec'y, Shorthorn Ass'n; Jim Boyle, Swift & Co.; John R. Thompson Jr., pres. Thompson's Restaurants, buyer; C. A. Henkel, Mason City, Iowa, breeder.

This load of Shorthorn feeders, grand champions over all breeds at the 1946 Denver National Western, averaged 475 lbs. each, sold for 47 cents a lb., brought \$223.25 apiece, highest total price ever paid per feeder steer. They outsold by \$20 a head feeders of another breed of the same age which later brought 50¼ cents a lb. They were exhibited by the Winkler Sisters, Castle Rock, Colo., and sold to Albert and Ed Fritzler, Sterling, Colo.

## SHORTHORNS Best in Every WEIGH!

It requires this type of female to produce the kind of steer on opposite page. I have 15 of them in this sale offering.

## *Announcement*

Having decided to retire from active farming on account of my age and the impossible labor situation I also find it necessary to discontinue activities required in maintaining my herd of Shorthorn cattle. My herd now in round numbers is about 54 head by including calves that will be sold with their dams. Catalog numbers about 38 head. So in order to round out the number really required for a full sized average offering Mr. H. B. Leiting of Arcadia (my neighbor, a very prominent breeder) has consented to consign 6 head—2 females and 4 young bulls of very choice breeding. This will extend the catalog number to 47 head which will make a very attractive offering in both number and quality of choice young females and 10 head of young bulls of very choice breeding. Only two aged cows in the offering and they will sell with calves at foot and rebred to Helfred Courier 2154443, my grand 3 year old present herd bull.

Summary of the offering is about as follows: 14 cows with calves at foot, 10 bred to calve soon, 10 open yearling heifers and ten bulls including my grand herd bull Helfred Courier 2154443. He is of the Augusta family and is sired by the great international champion Sun Ray. I have derived much pleasure from my experience of many years in producing and showing both cattle and horses. Have always enjoyed my visits to the pastures with the satisfaction of looking in the face of the honest old contented cows and watching the scampering calves at play. Have always had good returns and made money on my Shorthorns. Have always had ready demand for more cattle than I could produce. Even through all the depression we could always sell surplus cattle at fairly good prices. So must thank

the cattle for having come through those periods with anything like a whole hide. In justice to this sale offering will say they are a very choice lot of young breeding cattle that will certainly make money for purchasers who take them. They are in very nice breeding condition and healthy. Tested for both T. B. and Bangs. Transfers and pedigrees for each lot sold and breeding certificates for calves both born and unborn will be furnished.

### BLOOD LINES

I have owned 8 or 10 of the imported cows from which these cattle descend. The old Imp Victoria Mary and a number of others are buried on this farm. Have always aimed to use the very best bulls available such as Sultan Standard 334975, a son of Whitehall Sultan. Villagers Victor 476749, a son of Imp Villager. Also in service was Imp Right Sort 510586. He was considered the best imported bull in Canada in his day. He appears as 2nd, 3rd and 4th grandsire in most all pedigrees in this catalog. He was bought by Mr. Parsons of this county from the Mitchell closing out sale in Canada at 8 years old for \$3,500.00. He was owned by me his last 2 years. He was buried on this place in 1924. He was 13 years old when he died.

Following Right Sort, I used two Browndale bulls bred by the Allen Cattle Co., including Divide Inflation, full brother to Divide Sensation. Last two bulls used were Helfred Dauphin by Fascinator, bred by Helfred farms; and present herd bull Helfred Courier 2154443, a son of Sunray, also bred by Helfred Farms. Some very good calf prosepcts for club calf work will be sold in this sale with or without their mothers.

Yours Very Truly, J. T. Judge.

## *General Information*

The rise in price of commercial cattle, the change from a condition of douth to good pastures and excellent crop prospects and the shortage of cattle incident to the disastrous conditions of 1934, have brought about an unusual demand for breeding stock. Intelligent breeders and farmers are not content to make replacements in their herds with any but cattle of good type and quality and good breeding.

There is absolutely no sounder or a more profitable way to invest money now than in good young breeding cattle. The scrub bred calf is practically unsaleable to either feeder or packer.

**TERMS**—Terms are cash unless other arrangement is made before sale.

**GUARANTEE**—All cattle in the offering have been tested for T. B. this summer. They have also been tested for Bangs the last week of August this year to comply with the 30 day requirement before sale. In closing out sales it is not customary to guarantee any future performance. However, all particulars pertaining to each lot will be given on sale day. We will have no herd from which replacements could be made, so no guarantee for future performance is given or implied.

Cattle will be loaded on trucks or cars for transportation. We do not assume responsibility for accidents should any occur.

We call your attention to the Marshalltown sale Sept. 23, the day previous to ours.
